George f. Roknegay WOULD respectfully inform the citizens of Newbern and the surrounding country,

of Newbern and the set Public House of Entertainment, in the commodious Brick Building lately occupied by Mrs. Green, on the corner of Middle and Front streets. It is his purpose to make it a desirable house for regular as well as a trancient boarders. If cleanliness, good servants, a table always provided with the best the market will afford, and the most assidious attention will entitle him to a share of the public patronage, it is his determination to merit it. His stables will be found in excellent condition, and horses shall be well attended to Newbern, March 18, 1845 .- [28-6m
